Teaching experience

First: Bachelor's degree:

Lecturing oral and practical lessons for the various specialized courses within and outside the department according to the internal scientific department's assignments till now.

Commitment to teach some specialized courses outside my faculty and university (external assignments) for the bachelor's degree.

Second: Postgraduate studies:

Lecturing oral and practical lessons for the various specialized courses within and outside the department according to the internal scientific department's assignments till now.

Commitment to teach some specialized courses outside my faculty and university (external assignments) for the bachelor's degree.

Third: Interaction with Students:

Academic guidance for students at the department of clothing and textile in the bachelor's degree since 2009.

Supervising on graduation projects for the fourth level students at the department of clothing and textile, as well as follow-up and supervising on summer training for students at the second and third level students and postgraduate too.

Fourth: Books and scientific publishing:

Anatomy.

CAD Fashion Design "3D Fashion Design".

New Vision in Fashion Design Using Photoshop.

Advanced study in design and implementation of patterns

How to draw your fashion figure in just three minutes.

Fifth: Participation in the examination work:

Participation in supervising and chairing committees.

Participate in the preparation committees for the examinations of the different academic teams.

A member of the **fourth-level control for the bachelor's degree** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (18), (12/5/2013) for the academic year 2012/2013.**

A member of the Committee for the preparation of **GPA for the bachelor's degree** in the Faculty of Home Economics - Menoufia University, **Dean's decree No. (24), (18/6/2013) for the academic year June 2012/2013.**

A member of the Committee for the preparation of **GPA for the bachelor's degree** in the Faculty of Home Economics - Menoufia University, **Dean's decree No. (29R), (27/8/2013) for the academic year September 2012/2013.**

A member of the **second-level control for the bachelor's degree** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (58), (9/4/2014) for the academic year 2013-2014.**

A member of the **second-level control for the bachelor's degree** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (94), (10/12/2014) for the academic year 2013/2014.**

A member of the **Third-level control for the bachelor's degree** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (10), (24/3/2015) for the academic year 2014-2015**

A member of the **second-level control for the bachelor's degree** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (44), (29/11/2011) for the academic year 2015/2016.**

A member of the **second-level control for the bachelor's degree** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (13), (29/3/2016) for the academic year 2015/2016.**

A member of **Master's degree control** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (20), (26/4/2017) for the academic year 2016/2017.**

A member of **Master's degree control** at the Faculty of Home Economics - Menoufia University, **Dean's decree No. (75), (16/11/2017) for the academic year 2017/2018**

Scientific Publishing

Study the Effectiveness of the Proposed Educational Program for "3D Fashion Design" Using Computer, Magda Mohamed Mady, Ehab Ahmed El-Naasan, Ola Yousef Abd El-Ala, Mohamed Abd El-Hamed Hagag, Journal of Home Economics - University of Menoufia - Volume (22) - Issue (3) - July 2012.

The Benefit from Reconstruction of 3D Forms on the Mannequin Technique to Serve the Ready-Made Garment Industry, Medhat Mohamed Morsy, Ehab Ahmed El-Naasan, Mohamed Abd El-Hamed Hagag, Annual Conference (The ninth

Arab - the sixth international) Qualitative Education and Innovation Development in Egypt and the Arab World (visions and strategies) from 7-8 May 2014.

The possibility to take advantage of node and twist technology in raising the aesthetic value to make multiple designs for the same model, Mona Hamdy El-Faramawy, Mohamed Abd El-Hamed Hagag, Research Journal of Specific Education - Mansoura University - Issue (40) - October 2015.

The Invention of Fashion Figure Ruler Set for Drawing Paper Fashion Figure Illustration, Mohamed Abd El-Hamed Hagag, Journal of Home Economics Research - Volume (26) - Number (4) – 2016.

Study the Effectiveness of Using the Electronic “Fashion Glossary” In Increasing the Linguistic Output of Clothing and Textile Department Students, Mohamed Abd El-Hamed Hagag, The Fifth and Third International Scientific Conference Contemporary Global Trends and the Development of Specific Disciplines 20-22 February 2018.

The Possibility of Benefiting from the Merge of Printing and Embroidery Techniques to Create Modern Designs for College Girl's Clothing Inspired From Some Modern Art Schools, Nashwa Abd El-Raouf Tawfiek, Mohamed Abd El-Hamed Hagag, Mohamed Nabil Fahmy Siraj, The Fifth and Third International Scientific Conference Contemporary Global Trends and the Development of Specific Disciplines 20-22 February 2018.

The Possibility of Using Digital Painting Technique in Creating New Printing Designs to Enrich the Aesthetic Value of Youth Clothing, Dr. Mohamed Abd El-Hamed Hagag, The Fifth International Conference on Qualitative Education and its role in the development of projects in Sinai 21-23 March 2018.

A Comparative Study of the Most Important Fashion Figure Drawing Methods, Mohamed Abd El-Hamed Hagag, The Annual Scientific Conference (The 13th Arab-International Conference) The Higher Quality Education in Egypt and the Arab World in the Light of Sustainable Development Strategies 11-12 April 2018.

The Mandala’s Structural Systems and Utilization in the Recycling of Remnants Fabrics to Enrich the Aesthetic and Functional Values of Children’s Furniture, Sahar Kamal Mahmoud Foda, Mohamed Abd El-Hamed Hagag, The Annual Scientific Conference (The 13th Arab-International Conference) The Higher Quality Education in Egypt and the Arab World in the Light of Sustainable Development Strategies 11-12 April 2018.

The Possibility of Benefiting From “QR-Code” Technology in Enriching the Value of Ready-Made Garment Care Label, Dr. Mohamed Abd El-Hamed Hagag, The Sixth International Scientific Conference, Faculty of Specific Education, Menoufia University, Strategic Directions in Qualitative Education and Labor Market Requirements, April 23-24, 2018.

The Benefit from Reconstruction of 3D Forms on the Mannequin Technique to Serve the Ready-Made Garment Industry, Nashwa Abd El-Raouf Tawfik, Mohamed Abd El-Hamed Hagag, Hajar Salah El-Marakby, The Sixth International Scientific Conference, Faculty of Specific Education, Menoufia University, Strategic Directions in Qualitative Education and Labor Market Requirements, April 23-24, 2018.

Patent

Holds patents No. (28459), project (Fashion Figure Ruler Set) Issued from Patent Office - Academy of Scientific Research and Technology - Ministry of Higher Education - Egypt.
